Meet Oscar, the Young Chimp Whose Playful Curiosity and Zest for Discovery Light Up the African Forest

Experience the Spectacular Imagery and Stunning High-Definition Visuals on Disney Blu-ray™ Combo Pack, Digital & On-Demand August 21, 2012

Disneynature Will Donate a Portion of First-Week Sales to the Jane Goodall Institute Through the “See ‘Chimpanzee,’ Save Chimpanzees” Conservation Program

BURBANK, Calif. (June 22, 2012) — On August 21, 2012, Disneynature’s most unforgettable and heartwarming adventure yet, “Chimpanzee,” debuts as a Blu-ray™ Combo Pack (Blu-ray + DVD), Digital and On-Demand viewing. The inspiring film follows the True-Life Adventure of Oscar, a young chimpanzee whose curiosity and zest for life showcase the intelligence and ingenuity of some of the most extraordinary personalities in the animal kingdom.

To celebrate the in-home debut of “Chimpanzee,” Disneynature is proud to continue the “See ‘Chimpanzee,’ Save Chimpanzees” conservation program initiated with the film’s theatrical release. For every purchase of the movie through August 27, 2012, Disneynature will make a donation through the Disney Worldwide Conservation Fund to the Jane Goodall Institute (JGI) to conserve chimpanzee habitat, educate the next generation, and provide care for orphaned chimpanzees.

The conservation program tied to the theatrical release will help protect 129,236 acres (202 square miles) of wild chimpanzee habitat through infrastructure investments in the expanded Tchimpounga Nature Reserve in the Republic of Congo (Congo); educate 60,000 schoolchildren about chimpanzee conservation; and provide food and medicine for nearly all of the orphaned chimpanzees at JGI’s Tchimpounga chimpanzee sanctuary for at least the next year.

In addition to the remarkable story filmed in the depths of the African forest, the “Chimpanzee” Blu-ray Combo Pack is filled with spectacular bonus features, including in-depth behind-the-scenes footage showcasing the filmmakers’ amazing efforts to document the making of the film; a music video for the song “Rise,” written and performed by McClain Sisters; a feature on Disney’s conservation legacy; and much more.
Film Synopsis:

From Disneynature, the studio that brought you “Earth,” “Oceans,” and “African Cats,” comes “Chimpanzee” — a remarkable story of individual triumph and family bonds. Journey deep into the African forest and meet Oscar, an adorable young chimp with an entertaining approach to life. The world is a playground for little Oscar and his fellow young chimps who love creating mayhem. His playful curiosity and zest for discovery showcase the intelligence and ingenuity of some of the most extraordinary personalities in the animal kingdom. Stunning hi-definition images bring you up close and personal as Oscar and his family navigate the complex territory of the forest. It’s an inspiring and life-changing adventure that overflows with courage and charm. And it will capture your heart.

ABOUT DISNEYNATURE
Disneynature was launched on Earth Day 2008 with the mission of bringing the world’s top nature filmmakers together to share a wide variety of wildlife stories on the big screen in order to engage, inspire, and entertain theatrical audiences everywhere. Walt Disney was a pioneer in wildlife filmmaking, producing 13 True-Life Adventure motion pictures between 1948 and 1960, which earned eight Academy Awards®. Earth (2009), Oceans (2010), African Cats (2011), and Chimpanzee (2012) are four of the top five highest overall grossing feature-length nature films to date, with Chimpanzee garnering a record-breaking opening weekend for the genre. Conservation has been a key pillar of the label, and Disneynature films empower the audience to help make a difference. Through donations tied to opening week attendance, Disneynature has planted 3 million trees in Brazil’s Atlantic Forest; established 40,000 acres of marine protected area in The Bahamas; protected 65,000 acres of savanna in Kenya; and contributed to efforts to educate schoolchildren, care for chimpanzees, and protect 129,236 acres of wild chimpanzee habitat in the Republic of Congo.
