

# Disney GiRL meets WORLD

## INSTRUCTIONS:

All aboard the New York Subway for an underground adventure with your friends!  
Assemble the dice and game pieces. The world is now in your hands...get ready to play!

Roll the dice and count the circles to see where you land. Read the clue to see what happens next. If you stop on a ●, you might jump ahead or get knocked back. If you stop on a ★, you can jump to a different line on your next turn.

But if another player lands on your spot, you must go back down the line to the nearest station.

Station example:

First person to Riley's house wins! Good Luck!
