INSTRUCTIONS

NOTE: Cutting intended for grown-ups only.

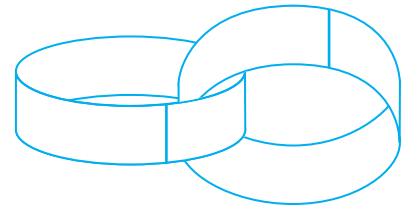

- 1** Print out pages and allow to dry. Cut out strips on page A.

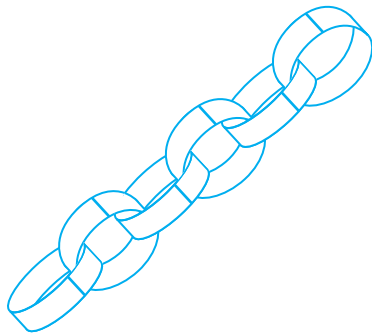

- 2** Make a circle from the first strip, gluing ends to make a cylindrical shape.

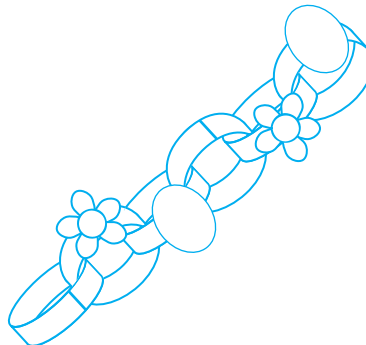

- 3** Pass the second strip through the first circle and then glue the ends.

- 4** Repeat, alternating between the flower and dotted strips every so often for variety.

- 5** Cut out the embellishments on page B. Attach by either gluing or taping them on to the chain. Or attach them to the chain with needle and thread, allowing them to dangle.

- 6** Use the chain any way you desire, either by taping it to a wall, or stringing the chain up using a clothesline.
