Cut
Out

Materials: Scissors, glue, and toothpicks or popsicle sticks

Step 1: Print out as many cupcake toppers as needed. Taking the first page, fold along the solid pink line. Then cut each topper out along the dashed line, taking care to keep the topper folded exactly on top of itself and connected at the fold.

Step 2: Unfold the topper and spread glue over one of the blank sides. Then, place the top part of a toothpick or popsicle stick into the glue and fold the other half of the topper over, pressing down firmly.

Glue

Step 3: Repeat these steps with all toppers. When the glue is dry, stick each topper into a cupcake and your Valentine's Day treat will be instantly decorated!
