

# Cinco de Mayo Streamers

Fold here

Step 1: Print out and fold paper along the solid line so that flags are facing each other. With scissors, cut along the solid lines of the flags.

Step 2: Cut string or yarn (vary the lengths if you like) to form your streamers.

Step 3: Put the string or yarn between the matching flags. Attach the flags with glue or double-tick tape with the string sandwiched in between. Print out multiple copies of the streamers to make a longer garland!
