

Party Invites Instructions

These party invites are sure to attract trick-or-treaters to your next ghoulishly great Halloween party.

Materials:

Construction Paper

Blank Envelopes (must be at least 4" x 6")

White Printer Paper

Glue Stick

Step 1: Print

Load paper following printer instructions. Print **Party Invites Template** using your ink jet printer. (For best results, load only one sheet at a time.)

Step 2: Dry

Let paper dry several minutes before handling.

Step 3: Cut

Cut out the designs just inside the dotted line.

Step 4: Personalize

Fill out the party invite sheet.

Step 5: Assemble

Fold construction paper into the shape of the card that will fit your envelopes, no smaller than 5" x 4". Glue the Happy Halloween design onto the outside cover of your blank card. Then glue the party invite onto the inside of the card.

Tips & Tricks:

- You can buy specially made adhesive-backed Sticker Paper for ink jet printers to use instead of regular printer paper and a glue stick.
- Pre-bought blank cards can be used instead of construction paper.

Party Invites Template
