

Sun Glasses

1. Cut out the Werewolf Character and its pieces. On the main character piece, make folds (away from you) along the dotted lines, including the tabs. Fold the legs toward you and the “knees” away from you. Glue tab A to the backside of the Werewolf’s back. The Werewolf should be taking shape.
2. Put glue on the eight small tabs (four per side) that are located on the sides of the top of the Werewolf’s head. Then glue them to the backside of the Werewolf’s head. Make sure you hold each one in place for a few seconds before you move on. Next, glue tab B to the back of the side of the Werewolf’s head.
3. Cut out the left arm. Keep it connected in the middle and fold it in half. Bend the tabs toward you, then glue the backsides of the arm (leaving glue off the tabs) together. Be sure to not glue the tabs to each other. Repeat this with the right arms. Once the arms are dry, put glue on the open tabs and glue the arms to each side of the Werewolf. You have three different choices for right arms.
4. The sunglasses can be cut out and pasted over the Werewolf’s eyes. There are two hats to choose from. Keep the hats connected in the middle when you cut them out, and then fold them in half. Fold each tab toward you, then glue the backsides of the hat (don’t put glue on the tabs yet) together. Be sure not to glue the tabs to each other. Next, choose that hat you want to use and put glue on the backside of the open tabs. Glue the hat to the top of the Werewolf’s head.

Your Werewolf is now complete! Place him on the edge of a shelf or table, or give him as a gift!
