**Scariest Moments**

Did you wander into a haunted house or did one of the neighbors scare you with their spooky decorations? Write about your “best scares” of the night.

**My Trick-or-Treating Pals**

Glue or tape photos to the three photo areas, then write a few lines about your pals.

**Instructions for assembling the Halloween memory book:**

Decorate the pages with photos and stickers. On the pages that contain lines for writing, add your thoughts about the spooktacular night. Use a three-hole punch on each of the memory book pages and then assemble the book in a three-ring binder. Share your memories with friends and family members!
